Will he love her always?

Does he think he'll love her always or is he lying?

Why will she only meet him half-way?

What would you do if you were the woman?

How does he try and persuade her?

Why does he want her to himself? (just you and I)

Do you think she'll give in?

Do you think he'll give up?

Is he romantic or possessive? Is there a difference?

Is it right to put limits on a relationship?

Who talks more about relationships – girls or boys?

Are you brave enough to tell someone you like them?

How long should you wait for someone?

- If they're late when you've arranged to meet?
- for them to decide whether to go out with you or not?
- if they need a break a relationship?
- if they go to war and don't come back?

What happens in the end?

Do you have any questions?

NOW
Milly is getting extremely thin. She never seems to eat much, is very worried about what she looks like and often goes to the toilet in the middle of class.

NOW
Hannah has stopped studying. She used to get good marks and wanted to study medicine but is now failing most of her exams and lying to her parents about the marks

NOW
Tessa is always arguing with her parents. She's got "strange" hair, three piercings and wants a tattoo.
